

MASTERBATCH MB-SERIES

MB silicone masterbatches series are specially designed to be used as an additive in silicone-compatible systems.

➤ FEATURES

- ✚ Possesses excellent heat stability.
- ✚ Excellent processability in press molding, injection and all other process.
- ✚ No significant impact on physical properties.
- ✚ Price advantage due to low Suggested use level (Up to 0.2%).

➤ PHYSICAL PROPERTIES

Properties	Method	Standard Result
Color	-	According to customer order
Specific Gravity	ASTM D 792	1.24 ± 0.03
Hardness (Shore A)	ASTM D 2240	40-65
Tensile strength (kgf/cm ²)	ASTM D 412	MIN 5
Elongation (%)	ASTM D 412	MIN 200
Tear strength (kN/m)	ASTM D 624 "C"	MIN14.5
